Beginners Circuit Training

Circuit training is a great way of exercising your whole body, performing one exercise after another. This 'Beginners Circuit Training' is a perfect way to learn fun and easy exercises which you can perform at your own pace.

Health Walks

Walking is one of the safest and easiest ways to exercise. Our free 'Health Walks' are a fantastic way to take in the beauty of the Fylde Coast, meet and socialise with new people and get out and get active. You can even bring the dog.

Aqua Zumba

This session is for everyone looking to make a splash by adding a low-impact aquatic exercise into their routine. With up beat music and fantastic instructors this 'Aqua Zumba' is great for all abilities and ages.

Indoor Tennis

This quick paced version of tennis which is played on a shorter court to get you moving around and having a giggle at the same time. So no matter what your ability level is, come down and give it a go every Wednesday.

Rounders

'Rounders' can bring a smile to the face of anyone, even if you've not played in years or never played before, everyone is welcome to this free and popular community session.

Walking Football

'Walking Football' is a slower paced version of the 'beautiful game'. If you think it might be too easy, we bet you'll find it harder than it may sound.

Walking Netball

This free community sport session is a great way to get back into netball or a good way to start playing netball for the first time. It is slightly slower than normal netball but just as fun and sometimes as competitive.

Running Club

This running group love nothing more than meeting up, having a giggle and jogging around the Fylde Coast. You do not have to have come through our 'Your C25K' to join our 'Running Club', everyone is welcome.

Ladies Spinning

Join us on a group indoor cycling workout where you are in control. You control the pace and with great music you'll go on a journey of light climbs, sprints and flat riding.
